

The Female Patient Annual Topic Index, 2007

A

Adherence

Enhancing patient understanding and encouraging adherence. Jun(suppl):1-11

Adolescent gynecology

The college-aged examination: a comprehensive approach to preventive medicine. Jul:32-36

The female athlete triad. Apr:34-41

Medical management of defecatory dysfunction. Aug:53-58

Modern management of vaginal agenesis. Oct:29-34

Obesity in adolescent girls. Mar:44-47

Precocious puberty. Jan:31-37

Teens and sex: what's the message? Dec:11-12

Universal human papillomavirus vaccination: pro and con. May:47-48

Use of contraceptive intrauterine devices in adolescents. Sep:11-12

Alzheimer's disease

Management of hyperhomocysteinemia in women. Feb:24-31

Amenorrhea

The female athlete triad. Apr:34-41

Autoimmune disorders

Cardiovascular disease in women with systemic lupus erythematosus. Aug:16-21

B

Breast symptoms

Mondor disease of the breast. Jul:51-52

Precocious puberty. Jan:31-37

C

Cancer

Chemoprophylaxis for breast cancer. Jun:13-22

Ductal and lobular carcinoma in situ of the breast: histopathology and significance. Oct:53-58

Fertility and the female cancer patient. Jun:50-54

Hormone therapy after breast cancer: pro and con. Feb:20,23

Just when you thought you'd heard it all... Feb:13-14

Mondor disease of the breast. Jul:51-52
October is breast cancer awareness month, however.... Oct:11-12
Pancreatic mucinous cystadenoma in pregnancy. Dec:34-36
Universal human papillomavirus vaccination: pro and con. May:47-48

Cardiovascular complications/disorders

Cardiovascular disease in women with systemic lupus erythematosus. Aug:16-21
Cardiovascular risk assessment and intervention strategies in women. Sep(suppl):1-11
The contraceptive patch: risks versus benefits. Nov:32-34
Diabetes, heart disease, and control of postprandial hyperglycemia in women. Feb:46-50
Factor V Leiden thrombophilia. Mar:14-19
Heart disease in women. May:39-45
Management of hyperhomocysteinemia in women. Feb:24-31
Transdermal estrogen therapy: evidence and update. Transdermal estrogen: clinical characteristics. Nov(suppl):5-8
Transdermal estrogen therapy: evidence and update. What does the ESTHER study add to the evidence? Nov(suppl):1-4

Colorectal disorders

Medical management of defecatory dysfunction. Aug:53-58
Minimally invasive outpatient treatment of bowel incontinence: a new procedure for the gynecologist. Jan:11-12

Congenital anomalies

A flat head in a round world: dispelling common myths about plagiocephaly. Sep:46-48
Treating depression during pregnancy: update on selective serotonin reuptake inhibitors. Oct:15-20

Constipation

The constipation conundrum: what now in chronic constipation and IBS-C? Sep(CME suppl):1-12

Continuing medical education (CME)

Clinical perspectives on women with epilepsy: introduction. Apr(suppl):4,30 [test 31-32]
Diabetes, heart disease, and control of postprandial hyperglycemia in women. Feb:46-50 [test 51-52]
Ductal and lobular carcinoma in situ of the breast: histopathology and significance. Oct:53-58 [test 59-60]
Evidence-based behavioral management of migraine. Mar(suppl):7-11 [test 31-32]
External genital warts: an update. Dec:38-44 [test 45-46]
Fertility and the female cancer patient. Jun:50-54 [test 55-56]
Helping patients to avoid obesity. Nov:50-56 [test 57-58]
Management strategies for migraine in women. Mar(suppl):26-30 [test 31-32]
Medical management of defecatory dysfunction. Aug:53-58 [test 59-60]
Menstrual migraine: the role of hormonal management. Mar:54-58 [test 59-60]
Migraine consult collection: prevention and treatment: introduction. Mar(suppl):3 [test 31-32]

Migraine: diagnosis, epidemiology, and societal burden. Mar(suppl):3-6 [test 31-32]
Misoprostol and postpartum hemorrhage. Jul:53-58 [test 59-60]
Modern male condoms: not your father's "rubbers". May:59-64 [test 65-66]
Perioperative pain management for the gynecologic and obstetric surgical patient. Apr:54-60 [test 61-61]
Physical therapy for pelvic pain: understanding the musculoskeletal connection. Sep:50-56 [test 57-58]
Understanding migraine pathophysiology: a foundation for treatment. Mar(suppl):12,21-25 [test 31-32]
Update on benign thyroid disorders in women. Jan:49-54 [test 55-56]

Contraception and contraceptives

Antiepileptic drugs: a focus on issues for women with epilepsy. Apr(suppl):13-18
Bipolar disorder in women. Jul:15-24
Bleeding and cycle control with the newer oral contraceptive formulations. Apr(suppl):1-4
The college-aged examination: a comprehensive approach to preventive medicine. Jul:32-36
The contraceptive patch: risks versus benefits. Nov:32-34
Counseling the woman with epilepsy: optimizing outcomes through a multidisciplinary approach from adolescence through menopause. Apr(suppl):25-30
Elimination of the hormone-free interval in OC regimens and pituitary-ovarian suppression. Aug(suppl):2-4
Endometrial effects from continuous low-dose estrogen oral contraceptives. Aug(suppl):7-8
Factor V Leiden thrombophilia. Mar:14-19
Intrauterine devices: contraception's best kept secret? Aug(suppl):17-19
Is there a place in today's armamentarium for 21/7 oral contraceptives? pro and con. Sep:29-30
Modern male condoms: not your father's "rubbers". May:59-64
Pharmacokinetics of extended-regimen oral contraceptives. Aug(suppl):9-10
Preferences in oral contraceptive regimens and menstrual frequency. Aug(suppl):1-2
Reproductive health care: teaching future providers. Feb:44-45
The role of emergency contraception in reducing pregnancy risk. Aug:21-22
Teens and sex: what's the message? Dec:11-12
Treatment of endometrial hyperplasia with an intrauterine device in a bariatric surgery patient. Nov:47-49
Underuse of intrauterine contraception in the United States. May:57-58
Use of contraceptive intrauterine devices in adolescents. Sep:11-12
Will abdominal sterilization become obsolete? Nov:25-31
Women with epilepsy: clinical guidelines. Apr(suppl):5-12

Cosmetic procedures

Should ob/gyns perform cosmetic procedures? pro and con. Jul:43-44

Counseling

The college-aged examination: a comprehensive approach to preventive medicine. Jul:32-36
Counseling the woman with epilepsy: optimizing outcomes through a multidisciplinary approach from adolescence through menopause. Apr(suppl):25-30
Developments in cryotherapy for abnormal uterine bleeding. Sep(suppl):12,14-16,21-23

Effective communication: overcoming the embarrassment. Feb:33-35
Enhancing patient understanding and encouraging adherence. Jun(suppl):1-11
Modern management of vaginal agenesis. Oct:29-34
Psychosexual evaluation of the woman with sexual complaints. Nov:38-42
Sexuality in pregnancy. Aug:35-40
Telling the patient what study findings “really” mean. Nov(suppl):1-11

D

Dementia

Calcium overdose. Feb:39-40

Dermatologic conditions

Hirsutism [practice algorithm]. Nov:44

Diabetes

Antepartum fetal surveillance in pregnancies complicated by diabetes mellitus. Apr:50-53.
Diabetes, heart disease, and control of postprandial hyperglycemia in women. Feb:46-50

Diagnostic guidelines/tools

Bipolar disorder in women. Jul:15-24

The constipation conundrum: what now in chronic constipation and IBS-C? Sep(CME suppl):1-12

Ductal and lobular carcinoma in situ of the breast: histopathology and significance. Oct:53-58

Female sexual dysfunction. Jan:47-48

Heart disease in women. May:39-45

Identifying postmenopausal women at risk for fracture. May:18-25

Migraine: diagnosis, epidemiology, and societal burden. Mar:3-6

Urinary incontinence. Mar:48-49

E

Eating disorders

The female athlete triad. Apr:34-41

Editorials

Apologies all around. Mar:12-13

The ethics of monopoly and monopsony power in academic medical centers. Aug:11-12

Improvement for improvement’s sake? Nov:11-12

Just when you thought you’d heard it all... Feb:13-14

Minimally invasive outpatient treatment of bowel incontinence: a new procedure for the gynecologist. Jan:11-12

Never too early. Apr:13-14

October is breast cancer awareness month, however.... Oct:11-12

Office hysteroscopy: the time has come. May:15-16
Picking up all the pieces. Jul:11-12
Technologic changes in gynecologic surgery: can too much, too fast be a bad thing? Jun:11-12
Teens and sex: what's the message? Dec:11-12
Use of contraceptive intrauterine devices in adolescents. Sep:11-12

Endocrinologic disorders

Pancreatic mucinous cystadenoma in pregnancy. Dec:34-36
Update on benign thyroid disorders in women. Jan:49-54

Evidence-based medicine/approaches

Improvement for improvement's sake? Nov:11-12
Telling the patient what study findings "really" mean. Nov(suppl):1-11

F

Fetal monitoring

Antepartum fetal surveillance in pregnancies complicated by diabetes mellitus. Apr:50-53.

Financial planning

Financial monitoring for the health of your practice. Apr:26-28
Financing your children's college education. Nov:15-20
Income-shifting strategies involving your children. May:35-37
Increasing your personal net worth. Feb:16-19
Individual retirement account options for your children. Aug:18-20

G

Gastroenterologic disorders

The constipation conundrum: what now in chronic constipation and IBS-C? Sep(CME suppl):1-12
Office-based assessment and management of fecal incontinence. Apr:16-25

Gastrointestinal disorders

Medical management of defecatory dysfunction. Aug:53-58
A practical technique for identifying sigmoidal-vaginal fistula. Feb:41-43
Treatment of endometrial hyperplasia with an intrauterine device in a bariatric surgery patient. Nov:47-49

Genetics

Factor V Leiden thrombophilia. Mar:14-19
Modern management of vaginal agenesis. Oct:29-34

Geriatric health issues

Calcium overdose. Feb:39-40

Guidelines/Screening

Cardiovascular risk assessment and intervention strategies in women. Sep(suppl):1-11

Clinical use of bone density testing. Jun:35-38

Urinary incontinence. Mar:48-49

Gynecologic disorders

Abnormal uterine bleeding treatment algorithm. Sep(suppl):10-11

Coitally related vulvar fissures. May:26-29

Developments in cryotherapy for abnormal uterine bleeding. Sep(suppl):12,14-16,21-23

Diagnosis and management of abnormal uterine bleeding. Jul:38-40

Fallopian tube prolapse following hysterectomy. Aug:51-52

The future of endometrial ablation. Sep(suppl):34

Gangrene of the uterus: a dreaded complication of unsafe abortions. Oct:45-50

Global endometrial ablation devices: minimally invasive surgical alternatives to hysterectomy.

Jul:46-50

Introduction to minimally invasive endometrial ablation. Sep(suppl):5-6

Managing abnormal uterine bleeding. Sep(suppl):7-9

Menopause-related urogenital atrophy. Dec insert

Minimally invasive outpatient treatment of bowel incontinence: a new procedure for the gynecologist. Jan:11-12

Modern management of vaginal agenesis. Oct:29-34

Mondor disease of the breast. Jul:51-52

New trends in thermal balloon ablation. Sep(suppl):24-29

Pelvic congestion syndrome. Aug:41-49

Physical therapy for pelvic pain: understanding the musculoskeletal connection. Sep:50-56

Picking up all the pieces. Jul:11-12

A practical technique for identifying sigmoidal-vaginal fistula. Feb:41-43

Premenstrual syndrome and premenstrual dysphoric disorder: individualizing therapy. Jan:38-46

Progestins in hormone therapy: what are the options? Sep:33-35,39

Should ob/gyns offer vaginal rejuvenation? pro and con. Jun:41-42

Treatment of endometrial hyperplasia with an intrauterine device in a bariatric surgery patient. Nov:47-49

Use of low-dose oral estrogen for vulvovaginal symptoms. Aug(suppl):13-14

H

Hematologic disorders

Factor V Leiden thrombophilia

Hematoma

Massive retroperitoneal hematoma caused by retroperitoneal ectopic pregnancy. Jun:47-49

Hormones and hormone therapy

Elimination of the hormone-free interval in OC regimens and pituitary-ovarian suppression.

Aug(suppl):2-4

Endometrial effects from continuous low-dose estrogen oral contraceptives. Aug(suppl):7-8

Factor V Leiden thrombophilia. Mar:14-19

The female athlete triad. Apr:34-41

Hirsutism [practice algorithm]. Nov:44

Hormone therapy after breast cancer: pro and con. Feb:20,23

Hormone therapy in perimenopause: pro and con. Apr:43-44

Intrauterine devices: contraception's best kept secret? Aug(suppl):17-19

Is there a place in today's armamentarium for 21/7 oral contraceptives? pro and con. Sep:29-30

Just when you thought you'd heard it all... Feb:13-14

Managing abnormal uterine bleeding. Sep(suppl):7-9

Menopause-related urogenital atrophy. Dec insert

Menstrual migraine: the role of hormonal management. Mar:54-58

Modern management of vaginal agenesis. Oct:29-34

The perimenopausal transition. Mar:50-53

Pharmacokinetics of extended-regimen oral contraceptives. Aug(suppl):9-10

Postmenopausal testosterone: time for a reappraisal? Dec:21-26

Precocious puberty. Jan:31-37

Preferences in oral contraceptive regimens and menstrual frequency. Aug(suppl):1-2

Progestins in hormone therapy: what are the options? Sep:33-35,39

Should postmenopausal women receive testosterone therapy? pro and con. Nov:36-37

Transdermal estrogen therapy: evidence and update. Transdermal estrogen: clinical characteristics. Nov(suppl):5-8

Transdermal estrogen therapy: evidence and update. What does the ESTHER study add to the evidence? Nov(suppl):1-4

Treatment of endometrial hyperplasia with an intrauterine device in a bariatric surgery patient. Nov:47-49

Underuse of intrauterine contraception in the United States. May:57-58

Update on benign thyroid disorders in women. Jan:49-54

Use of low-dose oral estrogen for vulvovaginal symptoms. Aug(suppl):13-14

Will abdominal sterilization become obsolete? Nov:25-31

Hysterectomy

Developments in cryotherapy for abnormal uterine bleeding. Sep(suppl):12,14-16,21-23

Managing abnormal uterine bleeding. Sep(suppl):7-9

Total laparoscopic hysterectomy: practical tips and strategies. Oct:37-41

Hysteroscopy

Managing abnormal uterine bleeding. Sep(suppl):7-9

Office hysteroscopy: the time has come. May:15-16

Will abdominal sterilization become obsolete? Nov:25-31

I

Imaging studies

Fallopian tube prolapse following hysterectomy. Aug:51-52

Fetal schizencephaly associated with middle cerebral artery occlusion and maternal second-trimester methamphetamine exposure. Mar:34,39-40

Massive retroperitoneal hematoma caused by retroperitoneal ectopic pregnancy. Jun:47-49

Immunizations

Brachial plexus neuritis following quadrivalent human papillomavirus vaccination. Dec:47-49

The college-aged examination: a comprehensive approach to preventive medicine. Jul:32-36

Universal human papillomavirus vaccination: pro and con. May:47-48

Infections

Gangrene of the uterus: a dreaded complication of unsafe abortions. Oct:45-50

Menopause-related urogenital atrophy. Dec insert

Women's self-reported understanding of labeling and response to over-the-counter miconazole for the treatment of self-diagnosed vaginal yeast infections. Dec:insert

Infertility

Fertility and the female cancer patient. Jun:50-54

L

Labor and delivery

Elective induction of labor. Jan:22-24

Misoprostol and postpartum hemorrhage. Jul:53-58

Perioperative pain management for the gynecologic and obstetric surgical patient. Apr:54-60

Laparoscopy

Pelvic congestion syndrome. Aug:41-49

Picking up all the pieces. Jul:11-12

Rare, isolated fallopian tube torsion. May:51-54

Total laparoscopic hysterectomy: practical tips and strategies. Oct:37-41

Update on gynecologic electrosurgery. Jan:25-30

Virtual reality simulation: the future of minimally invasive gynecologic surgical training. Apr:45-48

Will abdominal sterilization become obsolete? Nov:25-31

Liability

Communication and the dissatisfied patient, part 2. Mar:31-33

Litigation

Anatomy of a lawsuit, part 1: the preliminaries. Jun:25-28

Anatomy of a lawsuit, part 2: the discovery phase. Sep:22-25
Anatomy of a lawsuit, part 3: the defendant's deposition: initial preparation. Dec:28-30

M

Malpractice

Anatomy of a lawsuit, part 1: the preliminaries. Jun:25-28
Anatomy of a lawsuit, part 2: the discovery phase. Sep:22-25
Anatomy of a lawsuit, part 3: the defendant's deposition: initial preparation. Dec:28-30

Medical coding

Chemoprophylaxis for breast cancer. Jun:13-22
External genital warts: an update. Dec:38-44
Helping patients to avoid obesity. Nov:50-56
Identifying postmenopausal women at risk for fracture. May:18-25
Management of hyperhomocysteinemia in women. Feb:24-31
Menstrual migraine: the role of hormonal management. Mar:54-58
Misoprostol and postpartum hemorrhage. Jul:53-58
Office-based assessment and management of fecal incontinence. Apr:16-25
Pelvic congestion syndrome. Aug:41-49
Physical therapy for pelvic pain: understanding the musculoskeletal connection. Sep:50-56
Reimbursement for endometrial ablation. Sep(suppl):31-32
Treating depression during pregnancy: update on selective serotonin reuptake inhibitors. Oct:15-20
Update on benign thyroid disorders in women. Jan:49-54

Menopause

Antiepileptic drugs: a focus on issues for women with epilepsy. Apr(suppl):13-18
Bipolar disorder in women. Jul:15-24
Clinical use of bone density testing. Jun:35-38
Counseling the woman with epilepsy: optimizing outcomes through a multidisciplinary approach from adolescence through menopause. Apr(suppl):25-30
Hormone therapy after breast cancer: pro and con. Feb:20,23
Hormone therapy in perimenopause: pro and con. Apr:43-44
Identifying postmenopausal women at risk for fracture. May:18-25
Just when you thought you'd heard it all... Feb:13-14
Management of hyperhomocysteinemia in women. Feb:24-31
Management strategies for migraine in women. Mar(CE suppl):26-30
Menopause-related urogenital atrophy. Dec insert
Menstrual migraine: the role of hormonal management. Mar:54-58
The perimenopausal transition. Mar:50-53
Postmenopausal testosterone: time for a reappraisal? Dec:21-26
Progesterins in hormone therapy: what are the options? Sep:33-35,39
Should postmenopausal women receive testosterone therapy? pro and con. Nov:36-37

Transdermal estrogen therapy: evidence and update. Transdermal estrogen: clinical characteristics. Nov(suppl):5-8
Transdermal estrogen therapy: evidence and update. What does the ESTHER study add to the evidence? Nov(suppl):1-4
Use of low-dose oral estrogen for vulvovaginal symptoms. Aug(suppl):13-14
Women with epilepsy: clinical guidelines. Apr(suppl):5-12

Menorrhagia

Abnormal uterine bleeding treatment algorithm. Sep(suppl):10-11
Developments in cryotherapy for abnormal uterine bleeding. Sep(suppl):12,14-16,21-23
Diagnosis and management of abnormal uterine bleeding. Jul:38-40
Global endometrial ablation devices: minimally invasive surgical alternatives to hysterectomy. Jul:46-50
Introduction to minimally invasive endometrial ablation. Sep(suppl):5-6
Managing abnormal uterine bleeding. Sep(suppl):7-9
New trends in thermal balloon ablation. Sep(suppl):24-29
Reimbursement for endometrial ablation. Sep(suppl):31-32
Treatment of endometrial hyperplasia with an intrauterine device in a bariatric surgery patient. Nov:47-49

Menstruation

Bleeding and cycle control with the newer oral contraceptive formulations. Apr(suppl):1-4
Management strategies for migraine in women. Mar(CE suppl):26-30
Menstrual migraine: the role of hormonal management. Mar:54-58
The perimenopausal transition. Mar:50-53
Precocious puberty. Jan:31-37
Preferences in oral contraceptive regimens and menstrual frequency. Aug(suppl):1-2
Premenstrual syndrome and premenstrual dysphoric disorder: individualizing therapy. Jan:38-46
Premenstrual syndrome/premenstrual dysphoric disorder. Sep:40-45

Migraine

Introduction [migraine suppl]. Mar(suppl):3
Management strategies for migraine in women. Mar(suppl):26-30
Menstrual migraine: the role of hormonal management. Mar:54-58
Migraine: diagnosis, epidemiology, and societal burden. Mar:3-6
The migraine diary: your partner in headache treatment. Mar(suppl):17 (in Spanish:18)
Migraine headaches: treating with triptans. Mar(suppl):15 (in Spanish:16)
Migraine headaches: what is happening in your head? Mar(suppl):13 (in Spanish:14)
Migraine prevention: prophylaxis medications. Mar(suppl):19 (in Spanish:20)
Understanding migraine pathophysiology: a foundation for treatment. Mar(suppl):12,21-25

Musculoskeletal disorders

Physical therapy for pelvic pain: understanding the musculoskeletal connection. Sep:50-56

N

Neonatal care/issues

A flat head in a round world: dispelling common myths about plagiocephaly. Sep:46-48

Should forceps delivery be abolished? pro and con. Mar:20-21

Should universal type-specific HSV screening in pregnancy be implemented? pro and con. Dec:32-33

Treating depression during pregnancy: update on selective serotonin reuptake inhibitors. Oct:15-20

Neurological disorders

Antiepileptic drugs: a focus on issues for women with epilepsy. Apr(suppl):13-18

Clinical perspectives on women with epilepsy: introduction. Apr(suppl):4,30

Counseling the woman with epilepsy: optimizing outcomes through a multidisciplinary approach from adolescence through menopause. Apr(suppl):25-30

Depression, anxiety, and cognitive dysfunction in women with epilepsy. Apr(suppl):19-24

Fetal schizencephaly associated with middle cerebral artery occlusion and maternal second-trimester methamphetamine exposure. Mar:34,39-40

Women with epilepsy: clinical guidelines. Apr(suppl):5-12

Nutrition

Obesity in adolescent girls. Mar:44-47

O

Obesity

Helping patients to avoid obesity. Nov:50-56

Obesity in adolescent girls. Mar:44-47

Treatment of endometrial hyperplasia with an intrauterine device in a bariatric surgery patient. Nov:47-49

Obstetrics and gynecology

Apologies all around. Mar:12-13

Communication and the dissatisfied patient, part 2. Mar:31-33

Elective induction of labor. Jan:22-24

My most memorable moment: command performances. Mar:42-43

My most memorable moment: the day I breached protocol. Oct:52

My most memorable moment: secret of the mummy's tomb. Jun:29-30

Should forceps delivery be abolished? pro and con. Mar:20-21

Should ob/gyns perform male circumcision? pro and con. Oct:27-28

Should universal type-specific HSV screening in pregnancy be implemented? pro and con. Dec:32-33

Osteoporosis/Bone health

Calcium overdose. Feb:39-40

Clinical use of bone density testing. Jun:35-38
The female athlete triad. Apr:34-41
Identifying postmenopausal women at risk for fracture. May:18-25
Management of hyperhomocysteinemia in women. Feb:24-31

P

Pain management

Brachial plexus neuritis following quadrivalent human papillomavirus vaccination. Dec:47-49
Fibromyalgia: a distinct disease. Dec:16-20
Perioperative pain management for the gynecologic and obstetric surgical patient. Apr:54-60

Patient education

Attaining and maintaining quality of life: a testimonial. Jul(RA suppl):11-12 (in Spanish:11-12)
Bladder evaluation diary. Jul(RA suppl):13 (in Spanish:13)
Evaluation, diagnosis, and treatment [IC/PBS]. Jul(RA suppl):8-9 (in Spanish:9-10)
Helping patients to avoid obesity. Nov:50-56
Interstitial cystitis/painful bladder syndrome checklist. Jul(RA suppl):14 (in Spanish:14)
The migraine diary: your partner in headache treatment. Mar(suppl):17 (in Spanish:18)
Migraine headaches: treating with triptans. Mar(suppl):15 (in Spanish:16)
Migraine headaches: what is happening in your head? Mar(suppl):13 (in Spanish:14)
Migraine prevention: prophylaxis medications. Mar(suppl):19 (in Spanish:20)
Overlapping symptoms [IC/PBS]. Jul(RA suppl):5-7,10 (in Spanish:5-8)
Pelvic pain and urgency/frequency patient symptom scale. Jul(RA suppl):15 (in Spanish:15)
The role of emergency contraception in reducing pregnancy risk. Aug:21-22
Telling the patient what study findings “really” mean. Nov(suppl):1-11
What is interstitial cystitis/painful bladder syndrome? Jul(RA suppl):2-4,10 (in Spanish:2-4,8)

What you should know about... (also in Spanish)

Barrier forms of birth control. May:75-76
Breast cancer screening. Oct:61-62
Cancer and fertility. Jun:65-66
Cholesterol and heart health. Feb:59-60
Endometrial ablation. Sep(suppl):17-20
Fecal incontinence. Apr:73-74
Fibromyalgia. Dec:57-58
Finding your own healthy weight. Nov:64-65
Migraines. Mar:67-68
Pelvic pain. Sep:59-60
PMS and PMDD. Jan:63-64
The postpartum period. Jul:67-68
Sexuality in pregnancy. Aug:69-70

Pelvic floor disorders

The vaginal pessary: practical treatment for pelvic organ prolapse and stress urinary incontinence. Jan:15-21

Pelvic pain

Chronic pelvic pain. May:30-34

Pelvic congestion syndrome. Aug:41-49

Pelvic pain and urgency/frequency patient symptom scale. Jul(RA suppl):15 (in Spanish:15)

Physical therapy for pelvic pain: understanding the musculoskeletal connection. Sep:50-56

Rare, isolated fallopian tube torsion. May:51-54

Pharmacotherapy

Antiepileptic drugs: a focus on issues for women with epilepsy. Apr(suppl):13-18

Bipolar disorder in women. Jul:15-24

Calcium overdose. Feb:39-40

Chemoprophylaxis for breast cancer. Jun:13-22

Clinical perspectives on women with epilepsy: introduction. Apr(suppl):4,30

The constipation conundrum: what now in chronic constipation and IBS-C? Sep(CME suppl):1-12

Counseling the woman with epilepsy: optimizing outcomes through a multidisciplinary approach from adolescence through menopause. Apr(suppl):25-30

Diabetes, heart disease, and control of postprandial hyperglycemia in women. Feb:46-50

Ductal and lobular carcinoma in situ of the breast: histopathology and significance. Oct:53-58

External genital warts: an update. Dec:38-44

Fibromyalgia: a distinct disease. Dec:16-20

Helping patients to avoid obesity. Nov:50-56

Management of hyperhomocysteinemia in women. Feb:24-31

Medical management of defecatory dysfunction. Aug:53-58

Misoprostol and postpartum hemorrhage. Jul:53-58

New trends in thermal balloon ablation. Sep(suppl):24-29

Obesity in adolescent girls. Mar:44-47

Office-based assessment and management of fecal incontinence. Apr:16-25

Perioperative pain management for the gynecologic and obstetric surgical patient. Apr:54-60

Premenstrual syndrome and premenstrual dysphoric disorder: individualizing therapy. Jan:38-46

Premenstrual syndrome/premenstrual dysphoric disorder. Sep:40-45

Treating depression during pregnancy: update on selective serotonin reuptake inhibitors. Oct:15-20

Understanding migraine pathophysiology: a foundation for treatment. Mar(suppl):12,21-25

Use of low-dose oral estrogen for vulvovaginal symptoms. Aug(suppl):13-14

What is interstitial cystitis/painful bladder syndrome? Jul(RA suppl):2-4,10 (in Spanish:2-4,8)

Women's self-reported understanding of labeling and response to over-the-counter miconazole for the treatment of self-diagnosed vaginal yeast infections. Dec:insert

Physical therapy

Physical therapy for pelvic pain: understanding the musculoskeletal connection. Sep:50-56

Physician training

Reproductive health care: teaching future providers. Feb:44-45

Should ob/gyns perform cosmetic procedures? pro and con. Jul:43-44

Technologic changes in gynecologic surgery: can too much, too fast be a bad thing? Jun:11-12

Postpartum management

Misoprostol and postpartum hemorrhage. Jul:53-58

Sexuality in pregnancy. Aug:35-40

Practice management

Collecting by the numbers. Oct:23-26

Enhancing patient understanding and encouraging adherence. Jun(suppl):1-11

Financial monitoring for the health of your practice. Apr:26-28

The practice assessment: tuning up your operation. Jul:27-31

Reimbursement for endometrial ablation. Sep(suppl):31-32

Pregnancy

Antepartum fetal surveillance in pregnancies complicated by diabetes mellitus. Apr:50-53.

Antiepileptic drugs: a focus on issues for women with epilepsy. Apr(suppl):13-18

Bipolar disorder in women. Jul:15-24

Counseling the woman with epilepsy: optimizing outcomes through a multidisciplinary approach from adolescence through menopause. Apr(suppl):25-30

Factor V Leiden thrombophilia. Mar:14-19

Management strategies for migraine in women. Mar(CE suppl):26-30

Massive retroperitoneal hematoma caused by retroperitoneal ectopic pregnancy. Jun:47-49

Pancreatic mucinous cystadenoma in pregnancy. Dec:34-36

Sexuality in pregnancy. Aug:35-40

Should universal type-specific HSV screening in pregnancy be implemented? pro and con. Dec:32-33

Teens and sex: what's the message? Dec:11-12

Treating depression during pregnancy: update on selective serotonin reuptake inhibitors. Oct:15-20

Update on benign thyroid disorders in women. Jan:49-54

Women with epilepsy: clinical guidelines. Apr(suppl):5-12

Prenatal care

Fetal schizencephaly associated with middle cerebral artery occlusion and maternal second-trimester methamphetamine exposure. Mar:34,39-40

Preventive strategies

Cardiovascular risk assessment and intervention strategies in women. Sep(suppl):1-11

Chemoprophylaxis for breast cancer. Jun:13-22

The college-aged examination: a comprehensive approach to preventive medicine. Jul:32-36

Heart disease in women. May:39-45

Misoprostol and postpartum hemorrhage. Jul:53-58

Universal human papillomavirus vaccination: pro and con. May:47-48

Psychiatric disorders/issues

Bipolar disorder in women. Jul:15-24

Depression, anxiety, and cognitive dysfunction in women with epilepsy. Apr(suppl):19-24

Premenstrual syndrome and premenstrual dysphoric disorder: individualizing therapy. Jan:38-46

Treating depression during pregnancy: update on selective serotonin reuptake inhibitors. Oct:15-20

Psychological issues

Premenstrual syndrome/premenstrual dysphoric disorder. Sep:40-45

Psychosexual evaluation of the woman with sexual complaints. Nov:38-42

Psychosocial issues

Sexuality in pregnancy. Aug:35-40

R

Radiography

Calcium overdose. Feb:39-40

Regulatory/Reform issues

Pay-for-performance: pro and con. Aug:29-30

Reproductive medicine

Antiepileptic drugs: a focus on issues for women with epilepsy. Apr(suppl):13-18

Fertility and the female cancer patient. Jun:50-54

A flat head in a round world: dispelling common myths about plagiocephaly. Sep:46-48

Is there a place in today's armamentarium for 21/7 oral contraceptives? pro and con. Sep:29-30

The role of emergency contraception in reducing pregnancy risk. Aug:21-22

Women with epilepsy: clinical guidelines. Apr(suppl):5-12

Rheumatic disorders

Fibromyalgia: a distinct disease. Dec:16-20

S

Screening/Guidelines

Cardiovascular risk assessment and intervention strategies in women. Sep(suppl):1-11

Clinical use of bone density testing. Jun:35-38

Urinary incontinence. Mar:48-49

Sexual health

Coitally related vulvar fissures. May:26-29

Effective communication: overcoming the embarrassment. Feb:33-35
Female sexual dysfunction. Jan:47-48
Postmenopausal testosterone: time for a reappraisal? Dec:21-26
A practical technique for identifying sigmoidal-vaginal fistula. Feb:41-43
Psychosexual evaluation of the woman with sexual complaints. Nov:38-42
Sexuality in pregnancy. Aug:35-40
Should ob/gyns offer vaginal rejuvenation? pro and con. Jun:41-42
Women with epilepsy: clinical guidelines. Apr(suppl):5-12

Sexually transmitted infections (STIs)

Brachial plexus neuritis following quadrivalent human papillomavirus vaccination. Dec:47-49
The college-aged examination: a comprehensive approach to preventive medicine. Jul:32-36
External genital warts: an update. Dec:38-44
Modern male condoms: not your father's "rubbers". May:59-64
Should universal type-specific HSV screening in pregnancy be implemented? pro and con. Dec:32-33
Teens and sex: what's the message? Dec:11-12
Universal human papillomavirus vaccination: pro and con. May:47-48
Use of contraceptive intrauterine devices in adolescents. Sep:11-12

Surgery

Abnormal uterine bleeding treatment algorithm. Sep(suppl):10-11
Developments in cryotherapy for abnormal uterine bleeding. Sep(suppl):12,14-16,21-23
Ductal and lobular carcinoma in situ of the breast: histopathology and significance. Oct:53-58
Elective induction of labor. Jan:22-24
Factor V Leiden thrombophilia. Mar:14-19
Fallopian tube prolapse following hysterectomy. Aug:51-52
The future of endometrial ablation. Sep(suppl):34
Gangrene of the uterus: a dreaded complication of unsafe abortions. Oct:45-50
Global endometrial ablation devices: minimally invasive surgical alternatives to hysterectomy. Jul:46-50
Introduction to minimally invasive endometrial ablation. Sep(suppl):5-6
Managing abnormal uterine bleeding. Sep(suppl):7-9
Massive retroperitoneal hematoma caused by retroperitoneal ectopic pregnancy. Jun:47-49
Modern management of vaginal agenesis. Oct:29-34
New trends in thermal balloon ablation. Sep(suppl):24-29
Pancreatic mucinous cystadenoma in pregnancy. Dec:34-36
Pelvic congestion syndrome. Aug:41-49
Perioperative pain management for the gynecologic and obstetric surgical patient. Apr:54-60
Picking up all the pieces. Jul:11-12
A practical technique for identifying sigmoidal-vaginal fistula. Feb:41-43
Rare, isolated fallopian tube torsion. May:51-54
Reimbursement for endometrial ablation. Sep(suppl):31-32
Should forceps delivery be abolished? pro and con. Mar:20-21
Should ob/gyns offer vaginal rejuvenation? pro and con. Jun:41-42
Technologic changes in gynecologic surgery: can too much, too fast be a bad thing? Jun:11-12

Total laparoscopic hysterectomy: practical tips and strategies. Oct:37-41
Treatment of endometrial hyperplasia with an intrauterine device in a bariatric surgery patient.
Nov:47-49
Update on gynecologic electrosurgery. Jan:25-30
Virtual reality simulation: the future of minimally invasive gynecologic surgical training.
Apr:45-48

T

Treatment algorithms

Abnormal uterine bleeding treatment algorithm. Sep(suppl):10-11
Chronic pelvic pain. May:30-34
Diagnosis and management of abnormal uterine bleeding. Jul:38-40
Female sexual dysfunction. Jan:47-48
Hirsutism [practice algorithm]. Nov:44
Misoprostol and postpartum hemorrhage. Jul:53-58
Office-based assessment and management of fecal incontinence. Apr:16-25
Premenstrual syndrome/premenstrual dysphoric disorder. Sep:40-45
Urinary incontinence. Mar:48-49

U

Urogynecologic disorders

Urinary incontinence. Mar:48-49

Urologic disorders

Attaining and maintaining quality of life: a testimonial. Jul(RA suppl):11-12 (in Spanish:11-12)
Bladder evaluation diary. Jul(RA suppl):13 (in Spanish:13)
Evaluation, diagnosis, and treatment [IC/PBS]. Jul(RA suppl):8-9 (in Spanish:9-10)
Interstitial cystitis/painful bladder syndrome checklist. Jul(RA suppl):14 (in Spanish:14)
Overlapping symptoms [IC/PBS]. Jul(RA suppl):5-7,10 (in Spanish:5-8)
Pelvic pain and urgency/frequency patient symptom scale. Jul(RA suppl):15 (in Spanish:15)
What is interstitial cystitis/painful bladder syndrome? Jul(RA suppl):2-4,10 (in Spanish:2-4,8)

V

Vascular disorders

Mondor disease of the breast. Jul:51-52
